

Dear **EXHIBITOR**,

Do you want your booth space to stand apart from the rest this year? PACK EXPO Services is proud to offer a virtually limitless range of booth structures and custom exhibit arrangements.

Please take the time to read through some of the available options and decide if they are right for you.

## Exhibiting Packages

**Attention PACK EXPO/PROCESS EXPO/ CPP EXPO Exhibitors 225 sq ft and under:**

PACK EXPO Services (PES) has created three comprehensive booth packages especially for you! All your booth needs are now bundled together in one easy-to-order package. Now you don't have to read and complete multiple forms, simply contact your Customer Account Manager (CAM), select a package and you are done.

The three packages include furniture, drape or hardwall display, company identification sign, carpet, cleaning, electrical and a lead retrieval device. Take advantage of any of these packages to save additional money over ordering these same items individually.

- **PACKAGE A** has the basic furniture and booth setup that you need to hit the ground running when you arrive at the Las Vegas Convention Center.
- **PACKAGE B** adds hard wall rental exhibit options to enhance your booth space.
- **PACKAGE C** includes all of the items from Package B, in addition to a modular locking cabinet for your materials and supplies.

These packages will be set up and ready for you by 5:00 PM on your company's inbound target date.

Contact your CAM today to select the package that best suits your needs and budget. Then you can focus on pre-show promotion to increase your company's return on investment from PACK EXPO.

Each Exhibit Solutions package includes the header, lights, and installation and dismantle labor. Panels are available in both fabric (gray, blue, or black) and laminate (white, gray, blue, or black).

You can further enhance your Exhibit Solution package by upgrading to a Custom Header and having your company logo prominently featured on your rental. Or make an even bigger splash by upgrading to the Designer version. We will customize your entire rental with your company's graphics, logos, and branding.

## Have your own idea?

If you do not see an Exhibit Solutions rental that fits your specific needs, we can help you design your own! Provide us with a sketch or diagram of your idea, and we will review, call you if we have any questions and give you a quote on the cost of the booth.

Once you approve the quote, a detailed drawing will be created and reviewed by a Modular Systems Expert. This expert will confirm the booth design is structurally sound and follows all Show Management guidelines. The drawings are sent to you for one last review and you're done! The next time you see the design will be when it is standing in your booth.

You design it, we build it. It's that simple!
